LADIES AND GENTLEMEN!

Two or three years ago anyone could work in a Shoe Shop, but today the people want the best kind of work—they know. So I looked all over Los Angeles and nearby towns and picked the best man that could be found and as luck would have it I secured him as my partner. He makes out of old shoes entirely new ones. His special work is ladies' fancy shoes. He is the finest shoe man in this part of the country because he has made them all his life. All we ask is give us a trial, for which we thank you in advance.

Yours truly

Family Annoyances Amuses Neighbors

Those little annoyances inevitable in the life of a good-sized family make delightful comedy when viewed on the screen or the stage, and the more true to life they are, the more funny is their appeal. One of the best examples of how successful a picture can be that deals with family life as people know it is "Little Miss Smiles", starring Shirley Mason, playing at the Torrance Theatre on August 2. The trials of a little East Side girl in New York who tries to prevent her young brothers from fighting, who is trying to make her loveable but indolent father give up his precious pinocchio and who is attempting to steer her older brother Dave safely past the age where he wants to be a world's champion prize fighter, are absorbingly told in this very pleasing Fox production. The is a splendid love story woven into the fine plot.

THANK YOU

Last week we mentioned the fact that it would be necessary to draw a definite dead line for time of receiving copy unless patrons would help us to get the paper out on time. But, as usual, they came to the rescue and this week we are able to get out on time because copy came in early. We must sincerely thank you all.

Remember that on Tuesday when we start setting type for the paper, copy is always in demand and we are glad to have any that has local news value to it. If we do not have that sort, we take what is available. On Wednesday it is a rush on short stuff and all of it should be set and proof read by four o'clock. That gives us the balance of the afternoon and evening, if necessary, to finish up the advertising matter and get everything all ready to "makeup" the paper Thursday morning. Then it must be printed, folded and mailed all of which takes time.

Here are a few simple rules and we do not mean to be dogmatic, fussy or dictatorial in any manner—far from it.

- 1.—Long articles should be in by Tuesday noon.
- 2.—Short items should be in not later than Wednesday noon.
- 3.—Please do not telephone items unless very important news.
- 4.—Please get in all ad. copy not later than three o'clock Wednesday.
- 5.—Do not send in copy of ANY sort on Thursday morning unless very important. If you do, you work a hardship. Every minute is valuable then. It invariably throws us late.
